

RMA Special Vehicles to Showcase Groundbreaking Mobility Solutions at Paris Eurosatory 2024

Bangkok, June 11th, 2024 – RMA Special Vehicles, a leader in innovative mobility solutions, is proud to announce its participation in Eurosatory – the world's largest international defense and security event that sets to take place from June 17th to June 21st, 2024 in Paris.

This event marks a significant milestone for RMA Special Vehicles as it presents its latest advancements in mobility technology designed to enhance military operations and capabilities.

"The Eurosatory event is renowned for bringing together the world's leading defense and security companies, a platform that aligns perfectly with our vision of transforming mobility in defense through innovation, sustainability and technology," said Mark Tennant, Director of Business Development Modifications.

With a long-standing commitment to pioneering the future of defense mobility solutions, RMA Special Vehicles, a Member of RMA Group will unveil a series of cutting-edge products and technologies which have been developed from our top-tier global manufacturing facilities and in a close collaboration with different OEMs and defense experts to meet the rigorous demands of this sector.

"Our team of experts are eager to demonstrate how our solutions can significantly contribute to the effectiveness, safety, and efficiency of military operations."

"We invite all attendees to visit us in Hall 5B, booth A423 to explore our pioneering solutions and discuss how we can support the advancement of global defense and security together," added Mark Tennant, Director of Business Development Modifications.
