

CASE Construction Equipment will present a special wheel loader for the army at the international Eurosatory exhibition to be held in June in France

CASE Construction Equipment is pleased to announce that it will be exhibiting at the forthcoming Eurosatory trade show, to be held on its 28th edition in Villepinte (Paris), France, from 17th to 21st June.

Eurosatory is a highly awaited event, providing a platform for professionals to exchange ideas and discover the latest technological advances in the defence and security field. As part of its drive to innovate and meet the diverse needs of the construction industry, CASE will be showcasing a wheel loader specially designed for overseas military operations on its stand in HALL 5B - D189, featuring army-required paintwork and a wide range of options. In addition to that, visitors can expect a full presentation of the brand's product. "We are delighted to be showcasing this wheel loader at the upcoming Eurosatory international exhibition," said Graziano Cassinelli European Sales Operations Director at CASE Construction Equipment. "CASE wheel loaders represent our commitment to excellence in construction machinery".

Designed to meet the demands of construction projects, the CASE wheel loader combines power, productivity and reliability. The military paint finish and the aero transport brackets not only add visual appeal, but also highlight the machine's robust capabilities, adaptability and versatility. "We look forward to welcoming visitors to our stand and showing them the features and capabilities of our wheel loader, as well as our technical solutions for the armed forces " added Valentina Versino, Key Account Manager Europe. "This is an eagerly awaited moment for CASE Construction Equipment as we continue to move forward and provide solutions that allow our customers to tackle their toughest challenges with confidence." Don't miss the opportunity to discover our full range of construction products and solutions around these machines.
